

Customer Quotes on UltiPro for Strategic HR

“With UltiPro, the HR team is now contributing to the company’s competitive position and supporting our revenue generators. The solution is helping us align our processes with the strategic goals of the company and helping us impact the bottom line.”

Tracy Bargielski, Director of Human Resources

YAMAHA CORPORATION OF AMERICA — A leading provider of musical instruments and audio/visual products

“UltiPro is a catalyst for positive change for HR and for our entire company. Because we have automated so many tactical processes, we have re-directed our resources to focus on strategic recruitment and retention.”

Candace Osunsade, HR Executive

NATIONAL AQUARIUM — A nonprofit organization and Maryland’s leading tourist attraction

“One goal of many HR and payroll professionals is to make a strategic impact on the business. In this regard, the reporting features in UltiPro really blow these capabilities out of the water. The value is beyond measure.”

Deana McMillan, CPP, Manager, HR Systems

CORT BUSINESS SERVICES — A leading provider of business and residential furniture

“UltiPro’s configurable executive dashboards and real-time reporting capabilities for detailed trends are improving HR’s ability to analyze our HCM metrics as well as enhancing managerial and executive decision-making.”

Christopher Montana, Vice President of Human Resources

KINETICO WATER SYSTEMS — A global supplier of water-treatment and purification equipment

“Beyond the significant benefits of in-house control over our HR and payroll processes, UltiPro is helping us enhance our employee-centric culture while also reducing hard costs and increasing overall productivity levels.”

Claudine Tudgay, Payroll Director

THE CONTAINER STORE — The leading retailer of organizational products in the U.S.

“UltiPro is definitely helping us accomplish our objectives for strategic HR. Departments are turning to us first when they have an issue that impacts our workforce, and executives now know we can quickly deliver the reports they need.”

Jerry Davis, Payroll Manager

COVENANT RETIREMENT COMMUNITIES — A network of retirement communities across the U.S., with 3,200 employees

“UltiPro is serving our organization’s needs by allowing us to focus our full attention on strategic business objectives. Ultimate Software has a proven reputation for developing long-term customer partnerships and an aggressive development roadmap. Both are critical to our business.”

Lisa Buckingham-Bettinger, Chief Human Resources Officer

LINCOLN FINANCIAL GROUP — A premier financial services and insurance company

“UltiPro is serving our entire workforce as well as our HR team and acting as a true catalyst for collaboration, strategic improvements, and operational effectiveness.”

Drew Stafford, Vice President of Information Technology

ROMANO’S MACARONI GRILL — A leading restaurant company, with 13,000 employees

“UltiPro’s business intelligence give me the ability to keep a close eye on real-time manpower expenses and then quickly share this data with executives. We now can deliver a level of detailed information that we didn’t have before.”

Mary DeSuza, Financial Analyst and Payroll Manager

STIFEL NICOLAUS & CO. — A full-service brokerage and investment banking firm operating more than 200 locations across the U.S.

“By providing company executives and managers with point-in-time reporting about topics that are relevant to our success, we are helping the company stay on target and focused on our business goals.”

David VanderWerff, Director of Human Resources

DIAMOND VOGEL PAINT — A leading paint manufacturer and home-decorating retailer

“Because we have one, unified HR solution that can deliver everything that we need now and will need when moving into the future, HR is functioning more strategically and helping our entire organization operate more productively.”

Tom Bell, Vice President of Human Resources

CAROLINA CAT — One of the leading Caterpillar dealerships in the U.S.

“With UltiPro, we are delivering strategic metrics on our global workforce in about 10 seconds.”

Andy Schultze, HR Systems Manager

LAIRD TECHNOLOGIES — A global technology leader, with 13,000 employees
